

**DISC Group Holdings, LLC.**

**Whitelist Request for Reservation of Collectable Digital Artwork NFT**

May 15, 2022

Thank you for your interest in **“Rainbow Glow Donut Drone”, “Glow Donut Drone”, and or “Donut Drone”, Limited Edition MP4’s**, soon to be minted as a non-fungible token product (the **“NFT”**) created, developed and/or issued by DISC Group Holdings, LLC., or one of its affiliates (the **“Company”**). The NFT will be purchased strictly as a pre-order of **“collectable digital artwork”** but will be provided with the option to an equal value swap the NFT artwork for the **“Smart Delivery Doorbell and Chime Miner”** product that will be available for sale upon completed manufacturing, as a first model with a first model of meta data attached.

In connection with the Company’s research and development of such projects, the Company would like you to provide an indication of your interest in such products. Please note that your response to the below form secures your place in the random order of custom NFT art within the order of the available limited-edition series stated above. If you provide an indication of interest below and your contact information, the Company will add you to a priority list to purchasing the Limited Edition NFT Collectable Digital Artwork”, as well as be added to the completely separate and future Whitelist invite for the White Paper related to the launching of DISC’s future \$DISC and or \$AMX project, product, and or services selected upon its general release to the public.

Please indicate your interest in the following NFT Collectable Digital Artwork options below by responding to the follow-up questions and hitting submit to secure your position, reservation, quantity, and financing selected.
